

Regulatory Update - Taiwan

Taiwan NCC have introduced a simplified Approval procedure for a set list of Bluetooth products

On 07th June 2017, Taiwan's National Communication Commission (NCC) officially announced that a simplified Declaration of Conformity (DoC) scheme will be adopted to regulate the following list of Bluetooth Devices, and this will come into effect on 1st July 2017:

- Bluetooth Mouse
- Bluetooth Keyboard
- Bluetooth Headset
- Bluetooth Selfie Stick
- Bluetooth Stylus Pen
- D.C. powered only Bluetooth Speaker

Under the new DoC scheme, the Approval process will not involve any local testing and FCC test reports can be leveraged. It is therefore expected that lead time and fees will be reduced.

PCS will continue to monitor any further developments and will keep customers updated on full details of the scheme once more information becomes available.
